

# SPORTS

## FREE SPORTS FACILITY USAGE: SCHOOL

The University of Warith Al-Anbiyaa believes that all students should have access to quality sports facilities, regardless of their age or level of education. By opening up our sports facilities to schools in the town, we hope to inspire a love for sports and physical activity in young students. Our state-of-the-art facilities are equipped to accommodate a wide range of sports, including basketball, volleyball, soccer, and more. We look forward to welcoming primary school students and helping them to develop their athletic skills and improve their overall health and wellbeing.

### SOCCER FUN

Children Enjoy a Fun-Filled Sports Day at Warith Al-Anbiyaa  
Despite not having any sports gear, school kids had a great day using our facilities and participating in soccer training with the university's soccer coach. Although the school does not possess a football field, the use of Warith Al-Anbiyaa's facilities has enabled students to experience sports activities. Hopefully, on their next trip, students will come prepared with the necessary gear if their circumstances and resources permit.

### SUMMARY

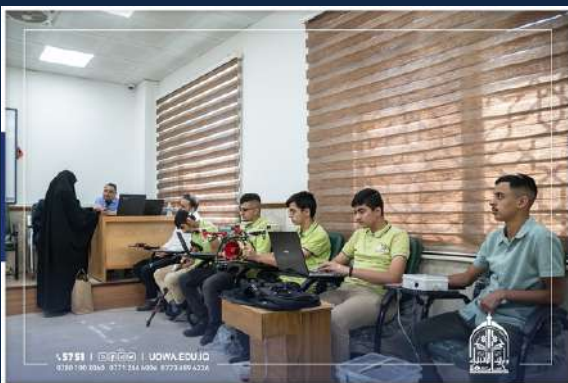

The University of Warith Al-Anbiyaa is dedicated to providing quality sports facilities to all students, including those from primary schools in the town. Their state-of-the-art facilities cater to a variety of sports, promoting physical activity and overall health and wellbeing. Recently, primary school students were able to enjoy a fun-filled sports day and soccer training with the university's soccer coach, despite not having their own sports gear. The university hopes to continue inspiring a love for sports in young students.

# INNOVATION

## INNOVATION COMPETITION AND TRAINING: SCHOOLS

Warith Al-Anbiyaa and its parent organization recently hosted a competition geared towards talented school students. The aim of the event was to cultivate and encourage the next generation of computer science experts. The competition drew on the expertise of trained computer science professionals who provided mentorship and guidance throughout the event to help the students reach their full potential. This investment in the future exemplifies Warith Al-Anbiyaa's and its parent organization's dedication to empowering young innovators and promoting excellence in computer science.

### STUDENTS' INNOVATIONS

Beyond the lines of code, this event was a canvas of innovation where seasoned mentors sculpted raw talents into future tech leaders. It wasn't just a competition; it was a commitment to fueling the flames of ingenuity in the hearts of the next generation. This dynamic initiative sets the stage for a future where these young minds will redefine the landscape of computer science.

### STUDENTS' INNOVATIONS

The competition aimed to cultivate young talent and invest in the next generation, demonstrating their commitment to fostering innovation and excellence in computer science.

# LEARNING

## FREE SCIENCE LABS TRAINING: SCHOOL

Our science lab fun day inspires a love for science and learning by providing hands-on experiences for young students. The event encourages curiosity, critical thinking skills, and teamwork, exposing students to the scientific method. It fosters a lasting passion for science while breaking down stereotypes, all within a safe and controlled learning environment.

Our science labs opened their doors to students from junior primary schools for a day of fun and excitement. Accompanied by our lab teachers, the students conducted chemistry experiments and learned interesting science facts. Our dedicated teachers spent the entire day helping the students become familiar with various science concepts.

# QUIZZES

GENERAL KNOWLEDGE, SCIENCE SESSIONS: SCHOOLS

Welcome to an enriching journey where learning meets fun! The University of Warith Al-Anbiyaa invites junior primary school students to an exciting day filled with knowledge and amusement. Our engaging quiz day is meticulously planned to foster curiosity, ignite young minds, and provide a glimpse into the world of higher education. Join us for an unforgettable experience that combines education and entertainment in a vibrant academic setting.

## INFORMATION DAY

Our quiz day is not just about answering questions; it's about sparking a love for learning and instilling the joy of discovery. As your students interact with Vice President Abbas Al-Daami, they'll gain valuable insights into the world of academia and leadership. This event is more than just a trip—it's an opportunity for students to envision a future of endless possibilities. Join us on this educational odyssey, where the journey of knowledge begins!

## INFORMATION DAY

Our carefully curated quiz program is designed to captivate young learners, encouraging them to think critically and expand their horizons. From fascinating trivia to thought-provoking questions, this event promises to be an interactive and enjoyable learning experience. These young minds on this special day embark on this enlightening journey.

# ARTISTIC

## BORN WITH THE GIFTS: SCHOOLS

The University of Warith Al-Anbiyaa hosted a dazzling Art Competition, spotlighting talented students, particularly girls, in diverse artistic expressions. From paintings to sculptures and digital art, the event united artists, faculty, and enthusiasts in a celebration of creativity.

- **Unleashed Potential:** Participants, ranging from amateur painters to sculptors and digital artists, seized the opportunity to explore and push the boundaries of their creativity during the competition.
- **Guidance from Experts:** Esteemed judges provided valuable insights, helping participants refine their craft and navigate the intricate world of art with seasoned expertise.
- **Showcased Talent:** Selected artworks from the past competition found a place in university exhibitions, offering exposure and recognition to the talented participants.
